BACKGROUND: On Monday the City Council will hold a public hearing for an amendment to the City's Comprehensive Plan, regarding the Future Land Use Plan (FLUP). The City Council and the Planning and Zoning Commission had a dual work session in February 2022, to identify making changes to the City's FLUP. A common theme amongst the 2 Boards was for Polk City to identify more commercial/industrial property. After several follow-up meetings with the City Council & the Commission, the following priorities/changes are being proposed to the FLUP:

- 3. #3 is extending the commercial District on E. Vista Lake Drive further north alongside N. 3rd Street/Sheldahl Drive.
- 4. #4 is adding commercial property along the south side of Highway 415
- 5. #5 is adding high density residential along the south side of Highway 415
- 6. #6 is to change a small area within the Antler Ridge Development to medium high density, which correlates with their proposed plat for townhomes
- 7. #7 extends commercial along NW 44th
- 8. #8 extends commercial along NW 44th, north of NW 118th Ave.
- 9. #9 adds light industrial south of Highway 415
- 10. #10 extends light industrial north of E. Vista Lake Drive.

Wally Pelds, Pelds Design, provided an overview of the proposed buildings for Lakeside Products and asked P&Z Commission Members for feedback on the architectural standards that would be acceptable. After Commission discussion, P&Z Members advised that the new structures should mimic the current structures for aesthetic purposes and windows should match on the east building area that is visible from the street. Commission also stated they would like to see the landscaping buffer intensified on the north side of the property at ground level to prevent vision on from residential to this M1 lot including a fence.

9. Reports & Particulars

City Manager Huisman reported Staff and City Council have been working to become a Main Street Community through IEDA and the initial feedback was that the City needs to have design standards for the Town Square. She asked P&Z to provide some feedback on things they would like to see included such as 75% wall brick or alternative on the façade facing a street and 50% on the remaining sides. Huisman stated these design standards would be focusing on new construction and remodeling, but the City would also be working with existing buildings to bring

into compliance over time. Commission Members offered the following input to include no metal materials other than trim, uniformed front roof line lighting, 2 to 3 story height buildings with residential opportunities on the 2^{nd} and 3^{rd} floor. City of Polk City, Iowa

City Council Agenda Communication

Date: June 27, 2022 City Council Meeting
 To: Mayor Steve Karsjen & City Council
 From: Chelsea Huisman, City Manager

Subject: FY22 Year-end Transfers

BACKGROUND: Each year we budget to move money between funds, and then at the end of the year, we ask the City Council to approve the year-end transfers. There are more year-end transfers this year than we have previously had in the past, however, we do have less than originally budgeted in FY22.

Most of the transfers are relative to the capital fund and the capital equipment fund. The expenses are paid out of the capital funds, and then we use the revenue from multiple other funds and transfer into the capital fund so the fund is balanced.

The other 2 transfers are relative to TIF. The City has started to utilize tax increment financing (TIF) for our Chamber contribution, and to supplement employee salary & benefits. Each year we move money from TIF to the general fund for this purpose. The last TIF related transfer is relative to the State of Iowa's requirement to set aside LMI funds when TIF is used for residential development. This last transfer is regarding the Deerhaven Development Agreement.

ALTERNATIVES: Do not approve

FINANCIAL CONSIDERATIONS: No financial considerations. We are not spending money, we are simply moving money from one fund to another.

RECOMMENDATION: It is my recommendation that the City Council approve the year-end transfers for the fiscal year ending June 30, 2022.

From: Mike Schulte

Subject: Bulk Water Meter Purchase

BACKGROUND: Back in February 2022, the Council approved the purchase of a pallet of water meters. We did receive this pallet the week of June 6^{th} . (14 weeks after ordering)

This pallet of meters will comfortably take us through the rest of this year.

Even though we have the meters to take us through the next few months, I think it would be wise to order the next batch of meters. There are still supply chain issues as well as possible price increases and if we act now, we can avoid both.

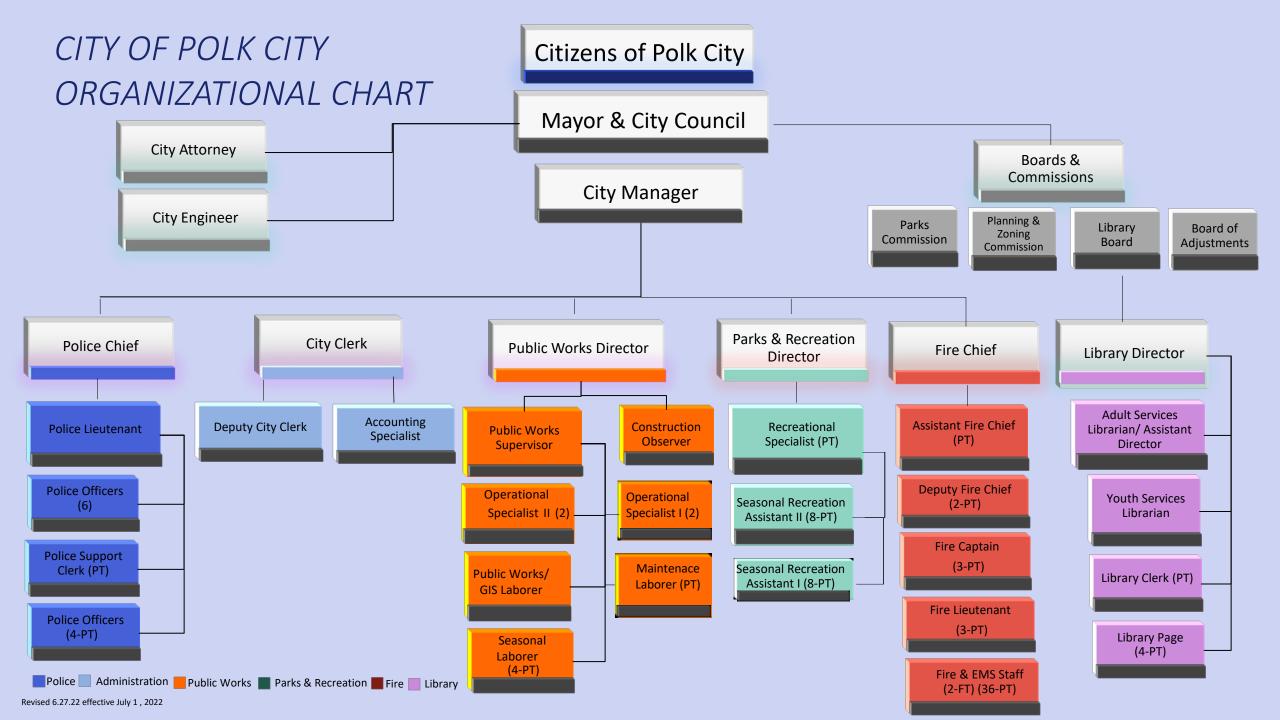

With your approval, we will be ordering 144 house meters and 80 irrigation meters. The savings on this purchase, in bulk, will be \$6,677.

In the 22/23 budget, starting July 1st, 2022, we budgeted \$105,000 total between the water and sewer funds for meters.

ALTERNATIVES: Continue to purchase 20-30 meters at a time without taking advantage of the savings.

FINANCIAL CONSIDERATIONS: \$70,800

RECOMMENDATION: I would recommend that Council approve purchasing 144 house meters and 80 irrigation meters from Ferguson Waterworks.

Subject: Staff wage increases for FY22

BACKGROUND: On Monday, the City Council will review a resolution pertaining to wage increases for the City employees. Employees are scheduled to receive increases for July 1st. Most wage increases range from 4-5%, as we discussed during the budget preparation work that higher increases were justified for the upcoming fiscal year.

ALTERNATIVES: Do not approve the resolution

FINANCIAL CONSIDERATIONS: This is a FY23 budgeted expense. When preparing the FY23 budget, we did include these wage increases for the city staff.

RECOMMENDATION: It is my recommendation that the Council approve the wage resolution for FY22-23.

From: Karla Hogrefe - Interim Fire Chief Subject: Full-Time Pay Rate Approval

BACKGROUND: The Fire Department budgeted for a full-time Firefighter/Paramedic for fiscal year 2022/2023, which was approved by the Council. We conducted interviews and determined the best candidate was Riley Noggle. Riley has just started with us as a part time member. Riley is an EMT and is finishing up with the DMACC Paramedic program. She will be a paramedic within the next 4 months. Riley will also be attending Polk City's Firefighter I course this summer and will attain that certification within 8 months of hire. This is a conditional offer in that Riley becomes a paramedic within 4 months of hire and a firefighter within 8 months of hire. Riley is a very smart young woman and I believe she will have no issues meeting these deadlines.

ALTERNATIVES: N/A

FINANCIAL CONSIDERATIONS: This wage has been budgeted and approved for fiscal year '22/'23. This position will be the second full time member and will alleviate the need to fill the daytime part-time Paramedic position every third day. This position assures Firefighter/Paramedic for 24 hours every third day.

RECOMMENDATION: We recommend approving pay for this position at \$17.00 per hour plus benefits. Once Riley receives Paramedic certification we recommend approving pay at \$18.50 per hour. Once Riley is certified as Firefighter/Paramedic we recommend approving pay at \$19.57 per hour. Riley will work 24 hours on and 48 hours off. We anticipate start date of July 13, 2022.

We feel EMT Noggle will be a great asset to the Polk City Fire Department and are very excited to have Riley transition from part time to full time.

Nicholas is an Iowa Certified Peace Officer and is currently employed with the Eastern Iowa Airport as a Public Safety Officer. He has been in law enforcement since 2014 and will be a great addition to the Polk City Police Department. Due to short staffing and his relocation to the Des Moines metro I have selected to hire Nicholas to fill our current full-time vacancy, beginning in July, rather than the upcoming retirement in September.

ALTERNATIVES: Do not set pay for Nicholas Sherman

FINANCIAL CONSIDERATIONS: Mr. Sherman is an Iowa Certified Peace Officer with over 8 years' experience in the field. I will offer his salary to start at step 3 of the collective bargaining agreement. Step 3 of is an annual salary of \$61,657.01 (\$29.64/hour).

Subject: Kevin Blaha-Polson Training Reimbursement Agreement

BACKGROUND: The new full-time officer, Kevin Blaha-Polson, will be attending the Iowa Law Enforcement Academy. During this time the city will be paying his wages and will be paying academy fees that include a meal plan during his attendance. It is common practice for departments to require non-certified hires to sign a Training Reimbursement Agreement for training costs and wages associated with the hiring and certifying a new officer.

ALTERNATIVES: We do not require that he sign a Training Reimbursement Agreement.

FINANCIAL CONSIDERATIONS: The City of Polk City will be investing over \$20,000 in wages and training costs to certify a new officer. A Training Reimbursement Agreement will require that the officer reimburse the city for the training costs should they voluntarily resign from the city, are dismissed during probationary period, or they fail to complete required training. The reimbursement schedule is outlined in section 7 of the Training Reimbursement Agreement that you were provided with.

RECOMMENDATION: It is my recommendation that the Council approves the Training Reimbursement Agreement as drafted for Kevin Blaha-Polson.

Polk City Police Training Reimbursement Agreement

AGREEMENT

- 6. **Failure to Complete Training Reimbursement.** In the event Probationary Candidate does not successfully complete the training program, Probationary Candidate shall be released from the City Police Department, and Probationary Candidate shall reimburse the City the "Total Training Expenses" that the City incurred in accordance with the terms set forth.
- 7. **Voluntary Resignation Reimbursement.** In the event Probationary Candidate voluntarily resigns from the City Police Department without having served as a Police Officer for at least forty-eight (48) full months but has otherwise complied with the terms of this agreement, Probationary Candidate shall reimburse the City for the Total Training Expenses incurred per the following schedule:

Total Training Expenses. An estimate of the costs of the "Total Training Expenses" as of 2022 is nine thousand two hundred and twenty six dollars (\$9,226). However, "Total Training Expenses" will be based on the actual cost incurred by the City—except that Probationary Candidate will not be responsible for reimbursing the City for any wages paid to Probationary Candidate for performing non-training work or other work assigned by the City. Probationary candidate agrees that the following enumerated expenses that are incurred by the City, or that are incurred by Probationary Candidate and reimbursed by the City shall constitute the "Total Training Expenses" subject to Employee reimbursement under this Agreement:

- a. The City's costs and expenses, including Probationary Candidate's salary, incurred while Probationary Candidate attends the Academy;
- b. The City's costs and expenses for tuition and fees paid to the educational facility utilized for training;

Failure to make such a payment in full within thirty (30) days, may result in the City taking any legal action as allowed by law against Probationary Candidate.

- 13. **Death of Probationary Candidate.** If Probationary Candidate is killed or permanently and totally disabled as defined by the Iowa Code—or dies of any cause not related to Probationary Candidate's work for the City—Probationary Candidate and/or his/her estate shall be relieved of all obligation to reimburse the City under this Agreement.
- 14. **Amendment or Cancellation.** This agreement may be amended or canceled only upon written agreement of both the City and Probationary Candidate signed by both parties.
- 15. **Residence.** Probationary Candidate shall notify the City of Probationary Candidate's place of residence while in the employment of the City and/or until such time as the Total Training Expenses are paid and satisfied in full.
- 16. **DHS.** If reimbursement is not made in accordance with this Agreement, Probationary Candidate understands that the City may at its option send delinquent account to be recovered through the Iowa Income Offset Program, (State DHS).

- 18. **Purpose of Agreement.** This agreement is for the purpose of Probationary Candidate's bona fide service as a Police Officer and not for the purpose of achieving certification for Probationary Candidate by the way of "sponsorship" through the Academy.
- 19. **Severability.** In the event that one or more of the provisions of the Agreement shall, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect the remaining provisions of the Agreement, and they shall remain in full force and effect.

- a. At the commencement of this lease, the Lessee, unless self-insured, and its sub-lessees and concessionaires at the commencement of operating under the terms of this lease as third parties, shall obtain from a reputable insurance company or companies contracts of liability insurance. The insurance shall provide an amount not less than that which is prudent, reasonable and consistent with sound business practices, or a minimum combined Single Limit of \$1,000,000.00, whichever is greater, for any number of persons or claims arising from any one incident with respect to bodily injuries or death resulting therefrom, property damage, or both, suffered or alleged to have been suffered by any person or persons, resulting from the operations of the Lessee, sub-lessees and concessionaires under the terms of this lease. The Lessee shall require its insurance company to furnish to the Real Estate Contracting Officer a copy of the policy or policies or, if acceptable to the Real Estate Contracting Officer, certificates of insurance evidencing the purchase of such insurance. The minimum amount of liability insurance coverage is subject to revision by the Real Estate Contracting Officer every three years or upon renewal or modification of this lease.
- **b.** The insurance policy or policies shall specifically provide protection appropriate for the types of facilities, services and products involved; and shall provide that the Real Estate Contracting Officer be given thirty (30) days notice of any cancellation or change in such insurance.
- c. In the event the Lessee is self-insured, the Lessee shall certify such self-insurance in writing in the minimum amount specified above to the Real Estate Contracting Officer. The Lessee's insurance status shall not eliminate the requirement for its sub-lessees and concessionaires to have insurance from a reputable insurance carrier as set out above.
- d. The Real Estate Contracting Officer may require closure of any or all of the premises during any period for which the Lessee and/or its sub-lessees and concessionaires do not have the required insurance coverage.

17. RESTORATION

On or before the expiration of this lease or its termination by the Lessee, the Lessee shall vacate the premises, remove the property of the Lessee, and restore the premises to a condition satisfactory to the Real Estate Contracting Officer. If, however, this lease is revoked, the Lessee shall vacate the premises, remove said property therefrom, and restore the premises to the aforesaid condition within such time as the Real Estate Contracting Officer may designate. In either event, if the Lessee shall fail or neglect to remove said property and restore the premises, then, at the option of the Real Estate Contracting Officer, said property shall either become the property of the United

States without compensation therefore, or the Real Estate Contracting Officer may cause the property to be removed and no claim for damages against the United States or its officers or agents shall be created by or made on account of such removal and restoration work. The Lessee shall also pay the United States on demand any sum which may be expended by the United States after the expiration, revocation or termination of this lease in restoring the premises.

18. NON-DISCRIMINATION

- a. The Lessee shall not discriminate against any person or persons or exclude them from participation in the Lessee's operations, programs or activities conducted on the leased premises, because of race, color, religion, sex, sexual orientation, gender identity, age, handicap, or national origin. The Lessee will comply with the Americans with Disabilities Act and attendant Americans with Disabilities Act Accessibility Guidelines (ADAAG) published by the Architectural And Transportation Barriers Compliance Board.
- b. The Lessee, by acceptance of this lease, is receiving a type of Federal assistance and, therefore, hereby gives assurance that it will comply with the provisions of Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. § 2000d); the Age Discrimination Act of 1975 (42 U.S.C. § 6102); the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794); and all requirements imposed by or pursuant to the Directive of the Department of Defense (32 CFR Part 300) issued as Department of Defense Directive 5500.11 and 1020.1, and Army Regulation 600-7. This assurance shall be binding on the Lessee, its agents, successors, transferees, sub-lessees and assigns.

19. SUBJECT TO EASEMENTS

This lease is subject to all existing easements, easements subsequently granted, and established access routes for roadways and utilities located, or to be located, on the premises, provided that the proposed grant of any new easement or route will be coordinated with the Lessee, and easements will not be granted which will, in the opinion of the Real Estate Contracting Officer, interfere with developments, present or proposed, by the Lessee. The Lessee will not close any established access routes without written permission of the Real Estate Contracting Officer.

20. SUBJECT TO MINERAL INTERESTS

This lease is subject to all outstanding mineral interests. As to federally owned mineral interests, it is understood that they may be included in present or future mineral leases issued by the Bureau of Land Management (BLM), which has responsibility for mineral development on Federal lands. The Secretary will provide lease stipulations to BLM for inclusion in such mineral leases that are designed to protect the premises from

activities that would interfere with the Lessee's operations or would be contrary to local laws.

21. COMPLIANCE, CLOSURE, REVOCATION AND RELINQUISHMENT

- a. The Lessee and/or any sub-lessees or licensees are charged at all times with full knowledge of all the limitations and requirements of this lease, and the necessity for correction of deficiencies, and with compliance with reasonable requests by the Real Estate Contracting Officer. This lease may be revoked in the event that the Lessee violates any of the terms and conditions and continues and persists in such noncompliance or fails to obtain correction of deficiencies by sub-lessees or licensees. The Lessee will be notified of any non-compliance, which notice shall be in writing or shall be confirmed in writing, giving a period of time in which to correct the con-compliance. Failure to satisfactorily correct any substantial or persistent non-compliance within the specified time is grounds for closure of all or part of the premises, temporary suspension of operation, or revocation of the lease, after notice in writing of such intent. Future requests by the Lessee to extend the lease, expand the premises, modify authorized activities, or assign the lease shall take into consideration the Lessee's past performance and compliance with the lease terms.
- **b.** This lease may be relinquished by the Lessee by giving one (1) year prior written notice to the Real Estate Contracting Officer in the manner prescribed in the Condition on **NOTICES**.

22. HEALTH AND SAFETY

- a. The Lessee shall keep the premises in good order and in a clean, sanitary, and safe condition and shall have the primary responsibility for ensuring that any sub-lessees and concessionaires operate and maintain the premises in such a manner.
- b. In addition to the rights of revocation for non-compliance, the Real Estate Contracting Officer, upon discovery of any hazardous conditions on the premises that presents an immediate threat to health and/or danger to life or property, will so notify the Lessee and will require that the affected part or all of the premises be closed to the public until such condition is corrected and the danger to the public eliminated. If the condition is not corrected within the time specified, the Real Estate Contracting Officer will have the option to revoke the lease. The Lessee and its assignees or sub-lessees shall have no claim for damages against the United States, or any officer, agent, or employee thereof on account of action taken pursuant to this condition.

23. PUBLIC USE

No attempt shall be made by the Lessee, or any of its sub-lessees or concessionaires, to forbid the full use by the public of the premises and of the water areas of the project, subject, however, to the authority and responsibility of the Lessee to manage the premises and provide safety and security to the visiting public.

24. PROHIBITED USES

- a. The Lessee shall not permit gambling on the premises. Specifically prohibited are the use of gambling devices, such as slot machines, video gambling machines, or other casino type devices that would detract from the family atmosphere. Real Estate Contracting Officers may allow the sale of state lottery tickets, in accordance with state and local laws and regulations, as long as the sale of tickets constitutes a collateral activity, rather than primary activity, of the Lessee. The Lessee shall not install or operate, or permit to be installed or operated thereon, any device which is illegal; or use the premises or permit them to be used for any illegal business or purpose. There shall not be conducted on or permitted upon the premises any activity which would constitute a nuisance.
- **b.** As an exception, some games of chance, such as raffles, games and sporting events, may be conducted by nonprofit organizations under special permits issued in conjunction with special events, if permissible by state and local law. Any request to conduct such activities must be submitted in writing to the Real Estate Contracting Officer.
- c. In accordance with state and local laws and regulations, the Lessee may sell, store, or dispense or permit the sale, storage, or dispensing of beer, malt beverages, light wines or other intoxicating beverages on the premises in those facilities where such service is customarily found. Bar facilities will only be permitted if offered in connection with other approved activities. Advertising of such beverages outside of buildings is not permitted. Carry out package sales of hard liquor is prohibited.

25. NATURAL RESOURCES

The Lessee shall cut no timber, conduct no mining operations, remove no sand, gravel, or kindred substances from the ground, commit no waste of any kind, nor in any manner substantially change the contour or condition of the premises, except as may be authorized under and pursuant to the Development Plan described in the Condition on **DEVELOPMENT PLANS** herein. The Lessee may salvage fallen or dead timber; however, no commercial use shall be made of such timber. Except for timber salvaged by the Lessee when in the way of construction of improvements or other facilities, all sales of forest products will be conducted by the United States and the proceeds therefrom shall not be available to the Lessee under the provisions of this lease.

26. DISPUTES CLAUSE

- **a.** Except as provided in the Contract Disputes Act of 1978 (41 U.S.C. § 601-613) (the Act), all disputes arising under or relating to this lease shall be resolved under this clause and the provisions of the Act.
- b. "Claim," as used in this clause, means a written demand or written assertion by the Lessee seeking, as a matter of right, the payment of money in a sum certain, the adjustment of interpretation of lease terms, or other relief arising under or relating to this lease. A claim arising under this lease, unlike a claim relating to the lease, is a claim that can be resolved under a lease clause that provides for the relief sought by the Lessee. However, a written demand or written assertion by the Lessee seeking the payment of money exceeding \$50,000 is not a claim under the Act until certified as required by subparagraph c.(2) below. The routine request for rental payment that is not in dispute is not a claim under the Act. The request may be converted to a claim under the Act, by this clause, if it is disputed either as to liability or amount or is not acted upon in a reasonable time.
- **c.** (1) A claim by the Lessee shall be made in writing and submitted to the said officer for a written decision. A claim by the Government against the Lessee shall be subject to written decision by the said officer.
- (2) For Lessee claims exceeding \$50,000, the Lessee shall submit with the claim a certification that:
 - (i) The claim is made in good faith;
- (ii) Supporting data are accurate and complete to the best of the Lessee's knowledge and belief;
- (iii) and the amount requested accurately reflects the lease adjustment for which the Lessee believes the Government is liable.
- (3) (i) If the Lessee is an individual, the certificate shall be executed by that individual.
- (ii) If the Lessee is not an individual, the certification shall be executed by:
- (A) A senior company official in charge at the Lessee's location involved;

- (B) An officer or general partner of the Lessee having overall responsibility of the conduct of the lessee's affairs.
- d. For Lessee claims of \$50,000 or less, the said officer must, if requested in writing by the Lessee, render a decision within 60 days of the request. For Lessee-certified claims over \$50,000, the said officer must, within 60 days, decide the claim or notify the Lessee of the date by which the decision will be made.
- **e.** The said officer's decision shall be final unless the Lessee appeals or files as suit as provided in the Act.
- f. At the time a claim by the lessee is submitted to the said officer or a claim by the Government is presented to the Lessee, the parties, by mutual consent, may agree to use alternative means of dispute resolution. When using alternate dispute resolution procedures, any claim, regardless of amount, shall be accompanied by the certificate described in paragraph c.(2) of this clause, and executed in accordance with paragraph c.(3) of this clause.
- g. The Government shall pay interest on the amount found due and unpaid by the Government from (1) the date the said officer received the claim (properly certified if required), or (2) the date payment otherwise would be due, if that date is later, until the date of payment. Simple interest on claims shall be paid at the rate, fixed by the Secretary of the Treasury as provided in the Act, which is applicable to the period during which the said officer receives the claim and then at the rate applicable for each 6-month period as fixed by the Treasury Secretary during the pendency of the claim. Rental amounts due to the Government by the Lessee will have interest and penalties as set out in the condition on CONSIDERATION.
- h. The Lessee shall proceed diligently with the performance of the lease, pending final resolution of any request for relief, claim, appeal or action arising under the lease, and comply with any decision of the said officer.

27. ENVIRONMENTAL PROTECTION

a. Within the limits of their respective legal powers, the parties to this lease shall protect the project against pollution of its air, ground, and water. The Lessee shall comply promptly with any laws, regulations, conditions or instructions affecting the activity hereby authorized, if and when issued by the Environmental Protection Agency, or any Federal, state, interstate or local governmental agency having jurisdiction to abate or prevent pollution. The disposal of any toxic or hazardous materials within the leased area is specifically prohibited. Such regulations, conditions, or instructions in effect or prescribed by the Environmental Protection Agency, or any Federal, state, interstate or local governmental agency, are hereby made a condition of this lease. The Lessee shall

require all sanitation facilities on boats moored at the Lessee's facilities, including rental boats, to be sealed against any discharge into the lake. Services for waste disposal, include swage pump-out of watercraft, shall be provided by the Lessee as appropriate. The Lessee shall not discharge waste or effluent from the premises in such a manner that the discharge will contaminate streams or other bodies of water or otherwise become a public nuisance.

- **b.** The Lessee will use all reasonable means available to protect the environment and natural resources, and where damage nonetheless occurs from the Lessee's activities, the Lessee shall be liable to restore the damaged resources.
- c. The Lessee must obtain approval in writing from the Real Estate Contracting Officer before any pesticides or herbicides are applied to the premises.

28. ENVIRONMENTAL CONDITION OF PROPERTY

An Environmental Condition of Property (ECP) documenting the known history of the property with regard to the storage, release or disposal of hazardous substances thereon is attached hereto and made a part hereof as Exhibit E. Upon expiration, revocation or termination of this lease, another ECP shall be prepared which will document the environmental condition of the property at that time. A comparison of the two assessments will assist the Real Estate Contracting Officer in determining any environmental restoration requirements. Any such requirements will be completed by the Lessee in accordance with the condition on **RESTORATION**.

29. HISTORIC PRESERVATION

The Lessee shall not remove or disturb, or cause or permit to be removed or disturbed, any historical, archaeological, architectural or other cultural artifacts, relics, remains, or objects of antiquity. In the event such items are discovered on the premises, the Lessee shall immediately notify the Real Estate Contracting Officer and protect the site and the material from further disturbance until the Real Estate Contracting Officer gives clearance to proceed.

30. SOIL AND WATER CONSERVATION

The Lessee shall maintain, in a manner satisfactory to the Real Estate Contracting Officer, all soil and water conservation structures that may be in existence upon said premises at the beginning of, or that may be constructed by the Lessee during the term of, this lease, and the Lessee shall take appropriate measures to prevent or control soil erosion within the premises. Any soil erosion occurring outside the premises resulting from the activities of the Lessee shall be corrected by the Lessee as directed by the Real Estate Contracting Officer.

31. TRANSIENT USE

- a. Camping, including transient trailers or recreational vehicles, at one or more campsites for a period longer than thirty (30) days during any sixty (60) consecutive day period is prohibited. The Lessee will maintain a ledger and reservation system for the use of any such campsites.
- **b.** Occupying any lands, buildings, vessels or other facilities within the premises for the purpose of maintaining a full- or part-time residence is prohibited, except for employees residing on the premises for security purposes, if authorized the Real Estate Contracting Officer.

32. COVENANT AGAINST CONTINGENT FEES

The Lessee warrants that no person or selling agency has been employed or retained to solicit or secure this lease upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Lessee for the purpose of securing business. For breach or violation of this warranty, the United States shall have the right to annul this lease without liability or, in its discretion, to require the Lessee to pay, in addition to the lease rental or consideration, the full amount of such commission, percentage, brokerage, or contingent fee.

33. OFFICIALS NOT TO BENEFIT

No Member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this lease or to any benefits to arise therefrom. However, nothing herein contained shall be construed to extend to any incorporated company if the lease be for the general benefit of such corporation or company.

34. MODIFICATIONS

This lease contains the entire agreement between the parties hereto, and no modification of this agreement, or waiver, or consent hereunder shall be valid unless the same be in writing, signed by the parties to be bound or by a duly authorized representative; and this provision shall apply to this clause as well as all other conditions of this lease.

35. EXECUTIVE ORDER 13658

a. Any reference in this section to "prime contractor" or "contractor" shall mean the grantee and any reference to "contract" shall refer to this lease.

b. The parties expressly stipulate this contract is subject to Executive Order 13658, the regulations issued by the Secretary of Labor in 29 CFR part 10 pursuant to the Executive Order, and the following provisions.

c. Minimum Wages

- (1) Each worker (as defined in 29 CFR 10.2) engaged in the performance of this contract by the prime contractor or any subcontractor, regardless of any contractual relationship which may be alleged to exist between the contractor and worker, shall be paid not less than the applicable minimum wage under Executive Order 13658.
- The minimum wage required to be paid to each worker performing work on or in connection with this contract shall be \$11.25 per hour. The minimum wage shall be adjusted each time the Secretary of Labor's annual determination of the applicable minimum wage under section 2(a)(ii) of Executive Order 13658 results in a higher minimum wage. Adjustments to the Executive Order minimum wage under section 2(a)(ii) of Executive Order 13658 will be effective for all workers subject to the Executive Order beginning January 1 of the following year. If appropriate, the contracting officer, or other agency official overseeing this contract shall ensure the contractor is compensated only for the increase in labor costs resulting from the annual inflation increases in the Executive Order 13658 minimum wage beginning on January 1, 2016. The Secretary of Labor will publish annual determinations in the Federal Register no later than 90 days before such new wage is to take effect. The Secretary will also publish the applicable minimum wage on www.wdol.gov (or any successor Web site). The applicable published minimum wage is incorporated by reference into this contract.
- (3) The contractor shall pay unconditionally to each worker all wages due free and clear and without subsequent deduction (except as otherwise provided by 29 CFR 10.23), rebate, or kickback on any account. Such payments shall be made no later than one pay period following the end of the regular pay period in which such wages were earned or accrued. A pay period under this Executive Order may not be of any duration longer than semi-monthly.
- (4) The prime contractor and any upper-tier subcontractor shall be responsible for the compliance by any subcontractor or lower-tier subcontractor with the Executive Order minimum wage requirements. In the event of any violation of the minimum wage obligation of this clause, the contractor and any subcontractor(s) responsible therefore shall be liable for the unpaid wages.
 - (5) If the commensurate wage rate paid to a worker on a covered

contract whose wages are calculated pursuant to a special certificate issued under 29 U.S.C. 214(c), whether hourly or piece rate, is less than the Executive Order minimum wage, the contractor must pay the Executive Order minimum wage rate to achieve compliance with the Order. If the commensurate wage due under the certificate is greater than the Executive Order minimum wage, the contractor must pay the 14(c) worker the greater commensurate wage.

d. Withholding

The agency head shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the prime contractor under this or any other Federal contract with the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay workers the full amount of wages required by Executive Order 13658.

e. Contract Suspension/Contract Termination/Contractor Debarment

In the event of a failure to pay any worker all or part of the wages due under Executive Order 13658 or 29 CFR part 10, or a failure to comply with any other term or condition of Executive Order 13658 or 29 CFR part 10, the contracting agency may on its own action or after authorization or by direction of the Department of Labor and written notification to the contractor, take action to cause suspension of any further payment, advance or guarantee of funds until such violations have ceased. Additionally, any failure to comply with the requirements of this clause may be grounds for termination of the right to proceed with the contract work. In such event, the Government may enter into other contracts or arrangements for completion of the work, charging the contractor in default with any additional cost. A breach of the contract clause may be grounds for debarment as a contractor and subcontractor as provided in 29 CFR 10.52.

- f. The contractor may not discharge any part of its minimum wage obligation under Executive Order 13658 by furnishing fringe benefits or, with respect to workers whose wages are governed by the Service Contract Act, the cash equivalent thereof.
- g. Nothing herein shall relieve the contractor of any other obligation under Federal, State or local law, or under contract, for the payment of a higher wage to any worker, nor shall a lower prevailing wage under any such Federal, State, or local law, or under contract, entitle a contractor to pay less than \$11.25 (or the minimum wage as established each January thereafter) to any worker.

h. Payroll Records

(1) The contractor shall make and maintain for three years records containing the information specified in paragraphs (h) (1) (i) through (vi) of this section for each worker and shall make the records available for inspection and

transcription by authorized representatives of the Wage and Hour Division of the U.S. Department of Labor:

- (i) Name, address, and social security number;
- (ii) The worker's occupation(s) or classification(s);
- (iii) The rate or rates of wages paid;
- (iv) The number of daily and weekly hours worked by each worker;
- (v) Any deductions made; and
- (vi) Total wages paid.
- (2) The contractor shall also make available a copy of the contract, as applicable, for inspection or transcription by authorized representatives of the Wage and Hour Division.
- (3) Failure to make and maintain or to make available such records for inspection and transcription shall be a violation of 29 CFR part 10 and this contract, and in the case of failure to produce such records, the contracting officer, upon direction of an authorized representative of the Department of Labor, or under its own action, shall take such action as may be necessary to cause suspension of any further payment or advance of funds until such time as the violations are discontinued.
- (4) The contractor shall permit authorized representatives of the Wage and Hour Division to conduct investigations, including interviewing workers at the worksite during normal working hours.
- (5) Nothing in this clause limits or otherwise modifies the contractor's payroll and recordkeeping obligations, if any, under the Davis-Bacon Act, as amended, and its implementing regulations; the Service Contract Act, as amended, and its implementing regulations; the Fair Labor Standards Act, as amended, and its implementing regulations; or any other applicable law.

i. The contractor (as defined in 29 CFR 10.2) shall insert this clause in all of its covered subcontracts and shall require its subcontractors to include this clause in any covered lower-tier subcontracts. The prime contractor and any upper-tier subcontractor shall be responsible for the compliance by any subcontractor or lower-tier subcontractor with this contract clause.

j. Certification of Eligibility

- (1) By entering into this contract, the contractor (and officials thereof) certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of the sanctions imposed pursuant to section 5 of the Service Contract Act, section 3(a) of the Davis-Bacon Act, or 29 CFR 5.12(a)(1).
- (2) No part of this contract shall be subcontracted to any person or firm whose name appears on the list of persons or firms ineligible to receive Federal contracts.
- (3) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

k. Tipped employees

- (1) In paying wages to a tipped employee as defined in section 3(t) of the Fair Labor Standards Act, 29 U.S.C. 203(t), the contractor may take a partial credit against the wage payment obligation (tip credit) to the extent permitted under section 3(a) of Executive Order 13658. In order to take such a tip credit, the employee must receive an amount of tips at least equal to the amount of the credit taken; where the tipped employee does not receive sufficient tips to equal the amount of the tip credit the contractor must increase the cash wage paid for the workweek so that the amount of cash wage paid and the tips received by the employee equal the applicable minimum wage under Executive Order 13658. To utilize this provision:
 - (i) The employer must inform the tipped employee in advance of the use of the tip credit;
 - (ii) The employer must inform the tipped employee of the amount of cash wage that will be paid and the additional amount by which the employee's wages will be considered increased on account of the tip credit;

- (iii) The employees must be allowed to retain all tips (individually or through a pooling arrangement and regardless of whether the employer elects to take a credit for tips received); and
- (iv) The employer must be able to show by records that the tipped employee receives at least the applicable Executive Order minimum wage through the combination of direct wages and tip credit.

I. Antiretaliation.

It shall be unlawful for any person to discharge or in any other manner discriminate against any worker because such worker has filed any complaint or instituted or caused to be instituted any proceeding under or related to Executive Order 13658 or 29 CFR part 10, or has testified or is about to testify in any such proceeding.

m. Disputes concerning labor standards

Disputes related to the application of Executive Order 13658 to this contract shall not be subject to the general disputes clause of the contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR part 10. Disputes within the meaning of this contract clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the workers or their representatives.

n. Notice

The contractor must notify all workers performing work on or in connection with a covered contract of the applicable minimum wage rate under the Executive Order. With respect to service employees on contracts covered by the Service Contract Act and laborers and mechanics on contracts covered by the Davis-Bacon Act, the contractor may meet this requirement by posting, in a prominent and accessible place at the worksite, the applicable wage determination under those statutes. With respect to workers performing work on or in connection with a covered contract whose wages are governed by the FLSA, the contractor must post a notice provided by the Department of Labor in a prominent and accessible place at the worksite so it may be readily seen by workers. Contractors that customarily post notices to workers electronically may post the notice electronically provided such electronic posting is displayed prominently on any Web site that is maintained by the contractor, whether external or internal, and customarily used for notices to workers about terms and conditions of employment.

36. EXECUTIVE ORDER 13706

Any reference in this section to "prime contractor" or "contractor" shall mean the grantee and any reference to "contract" shall refer to the lease.

a. Executive Order 13706

This contract is subject to Executive Order 13706, the regulations issued by the Secretary of Labor in 29 CFR part 13 pursuant to the Executive Order, and the following provisions.

b. Paid Sick Leave

- (1) The contractor shall permit each employee (as defined in 29 CFR 13.2) engaged in the performance of this contract by the prime contractor or any subcontractor, regardless of any contractual relationship that may be alleged to exist between the contractor and employee, to earn not less than 1 hour of paid sick leave for every 30 hours worked. The contractor shall additionally allow accrual and use of paid sick leave as required by Executive Order 13706 and 29 CFR part 13. The contractor shall in particular comply with the accrual, use, and other requirements set forth in 29 CFR 13.5 and 13.6, which are incorporated by reference in this contract.
- (2) The contractor shall provide paid sick leave to all employees when due free and clear and without subsequent deduction (except as otherwise provided by 29 CFR 13.24), rebate, or kickback on any account. The contractor shall provide pay and benefits for paid sick leave used no later than one pay period following the end of the regular pay period in which the paid sick leave was taken.
- (3) The prime contractor and any upper-tier subcontractor shall be responsible for the compliance by any subcontractor or lower-tier subcontractor with the requirements of Executive Order 13706, 29 CFR part 13, and this clause.

c. Withholding

The contracting officer shall, upon its own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the prime contractor under this or any other Federal contract with the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay employees the full amount owed to compensate for any violation of the requirements of Executive Order 13706, 29 CFR part 13, or this clause, including

any pay and/or benefits denied or lost by reason of the violation; other actual monetary losses sustained as a direct result of the violation, and liquidated damages.

d. Contract Suspension/Contract Termination/Contractor Debarment

In the event of a failure to comply with Executive Order 13706, 29 CFR part 13, or this clause, the contracting agency may on its own action or after authorization or by direction of the Department of Labor and written notification to the contractor, take action to cause suspension of any further payment, advance, or guarantee of funds until such violations have ceased. Additionally, any failure to comply with the requirements of this clause may be grounds for termination of the right to proceed with the contract work. In such event, the Government may enter into other contracts or arrangements for completion of the work, charging the contractor in default with any additional cost. A breach of the contract clause may be grounds for debarment as a contractor and subcontractor as provided in 29 CFR 13.52.

- e. The paid sick leave required by Executive Order 13706, 29 CFR part 13, and this clause is in addition to a contractor's obligations under the Service Contract Act and Davis-Bacon Act, and a contractor may not receive credit toward its prevailing wage or fringe benefit obligations under those Acts for any paid sick leave provided in satisfaction of the requirements of Executive Order 13706 and 29 CFR part 13.
- f. Nothing in Executive Order 13706 or 29 CFR part 13 shall excuse noncompliance with or supersede any applicable Federal or State law, any applicable law or municipal ordinance, or a collective bargaining agreement requiring greater paid sick leave or leave rights than those established under Executive Order 13706 and 29 CFR part 13.

g. Recordkeeping

- (1) Any contractor performing work subject to Executive Order 13706 and 29 CFR part 13 must make and maintain, for no less than three (3) years from the completion of the work on the contract, records containing the information specified in paragraphs (i) through (xv) of this section for each employee and shall make them available for inspection, copying, and transcription by authorized representatives of the Wage and Hour Division of the U.S. Department of Labor:
 - (i) Name, address, and Social Security number of each employee;
 - (ii) The employee's occupation(s) or classification(s);

- (iii) The rate or rates of wages paid (including all pay and benefits provided);
 - (iv) The number of daily and weekly hours worked;
 - (v) Any deductions made;
- (vi) The total wages paid (including all pay and benefits provided) each pay period;
- (vii) A copy of notifications to employees of the amount of paid sick leave the employee has accrued, as required under 29 CFR 13.5(a)(2);
- (viii) A copy of employees' requests to use paid sick leave, if in writing, or, if not in writing, any other records reflecting such employee requests;
- (ix) Dates and amounts of paid sick leave taken by employees (unless a contractor's paid time off policy satisfies the requirements of Executive Order 13706 and 29 CFR part 13 as described in § 13.5(f)(5), leave must be designated in records as paid sick leave pursuant to Executive Order 13706);
- (x) A copy of any written responses to employees' requests to use paid sick leave, including explanations for any denials of such requests, as required under 29 CFR 13.5(d)(3);
- (xi) Any records reflecting the certification and documentation a contractor may require an employee to provide under 29 CFR 13.5(e), including copies of any certification or documentation provided by an employee;
- (xii) Any other records showing any tracking of or calculations related to an employee's accrual or use of paid sick leave;
 - (xiii) The relevant covered contract:
- (xiv) The regular pay and benefits provided to an employee for each use of paid sick leave; and
 - (xv) Any financial payment made for unused paid sick leave upon

- a separation from employment intended, pursuant to 29 CFR 13.5(b)(5), to relieve a contractor from the obligation to reinstate such paid sick leave as otherwise required by 29 CFR 13.5(b)(4).
- (2)(i) If a contractor wishes to distinguish between an employee's covered and non-covered work, the contractor must keep records or other proof reflecting such distinctions. Only if the contractor adequately segregates the employee's time will time spent on non-covered work be excluded from hours worked counted toward the accrual of paid sick leave. Similarly, only if that contractor adequately segregates the employee's time may a contractor properly refuse an employee's request to use paid sick leave on the ground that the employee was scheduled to perform non-covered work during the time s/he asked to use paid sick leave.
- (2)(ii) If a contractor estimates covered hours worked by an employee who performs work in connection with covered contracts pursuant to 29 CFR 13.5(a)(i) or (iii), the contractor must keep records or other proof of the verifiable information on which such estimates are reasonably based. Only if the contractor relies on an estimate that is reasonable and based on verifiable information will an employee's time spent in connection with non-covered work be excluded from hours worked counted toward the accrual of paid sick leave. If a contractor estimates the amount of time an employee spends performing in connection with covered contracts, the contractor must permit the employee to use his/her paid sick leave during any work time for the contractor.
- (3) In the event a contractor is not obligated by the Service Contract Act, the Davis-Bacon Act, or the Fair Labor Standards Act to keep records of an employee's hours worked, such as because the employee is exempt from the FLSA's minimum wage and overtime requirements, and the contractor chooses to use the assumption permitted by 29 CFR 13.5(a)(1)(iii), the contractor is excused from the requirement in paragraph(1)(d) of this section to keep records of the employee's number of daily and weekly hours worked.
- (4)(i) Records relating to medical histories or domestic violence, sexual assault, or stalking, created for purposes of Executive Order 13706, whether of an employee or an employee's child, parent, spouse, domestic partner, or other individual related by blood or affinity whose close association with the employee is the equivalent of a family relationship, shall be maintained as confidential records in separate files/records from the usual personnel files.
- (4)(ii) If the confidentiality requirements of the Genetic Information Nondiscrimination Act of 2008 (GINA), section 503 of the Rehabilitation Act of 1973, and/or the Americans with Disabilities Act (ADA) apply to records or

documents created to comply with the recordkeeping requirements in this contract clause, the records and documents must also be maintained in compliance with the confidentiality requirements of the GINA, section 503 of the Rehabilitation Act of 1973, and/or ADA as described in 29 CFR1635.9, 41CFR60-741.23(d), and 29 CFR 1630.14(c)(1), respectively.

- (4)(iii) The contractor shall not disclose any documentation used to verify the need to use 3 or more consecutive days of paid sick leave for the purposes listed in 29 CFR 13.5(c)(1)(iv) (as described in 29 CFR 13.5(e)(1)(ii)) and shall maintain confidentiality about any domestic abuse, sexual assault, or stalking, unless the employee consents or when disclosure is required by law.
- (5) The contractor shall permit authorized representatives of the Wage and Hour Division to conduct interviews with employees at the worksite during normal working hours.
- (6) Nothing in this contract clause limits or otherwise modifies the contractor's record keeping obligations, if any, under the Davis-Bacon Act, the Service Contract Act, the Fair Labor Standards Act, the Family and Medical Leave Act, Executive Order 13658, their respective implementing regulations, or any other applicable law.
- (7). The contractor (as defined in 29 CFR 13.2) shall insert this clause in all of its covered subcontracts and shall require its subcontractors to include this clause in any covered lower-tier subcontracts.

h. Certification of Eligibility

- (1) By entering into this contract, the contractor (and officials thereof) certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of the sanctions imposed pursuant to section 5 of the Service Contract Act, section 3(a) of the Davis-Bacon Act, or 29 CFR 5.12(a)(1).
- (2) No part of this contract shall be subcontracted to any person or firm whose name appears on the list of persons or firms ineligible to receive Federal contracts currently maintained on the System for Award Management Web site, http://www.SAM.gov
- (3) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

i. Interference/Discrimination

- (1) A contractor may not in any manner interfere with an employee's accrual or use of paid sick leave as required by Executive Order 13706 or 29 CFR part 13. Interference includes, but is not limited to, miscalculating the amount of paid sick leave an employee has accrued, denying or unreasonably delaying a response to a proper request to use paid sick leave, discouraging an employee from using paid sick leave, reducing an employee's accrued paid sick leave by more than the amount of such leave used, transferring an employee to work on non-covered contracts to prevent the accrual or use of paid sick leave, disclosing confidential information contained in certification or other documentation provided to verify the need to use paid sick leave, or making the use of paid sick leave contingent on the employee's finding a replacement worker or the fulfillment of the contractor's operational needs.
- (2) A contractor may not discharge or in any other manner discriminate against any employee for:
 - (i) Using, or attempting to use, paid sick leave as provided for under Executive Order 13706 and 29 CFR part 13;
 - (ii) Filing any complaint, initiating any proceeding, or otherwise asserting any right or claim under Executive Order 13706 and 29 CFR part 13:
 - (iii) Cooperating in any investigation or testifying in any proceeding under Executive Order 13706 and 29 CFR part 13; or
 - (iv) Informing any other person about his or her rights under Executive Order 13706 and 29 CFR part 13.

j. Waiver

Employees cannot waive, nor may contractors induce employees to waive, their rights under Executive Order 13706, 29 CFR part 13, or this clause.

k. Notice

The contractor must notify all employees performing work on or in connection with a covered contract of the paid sick leave requirements of Executive Order 13706, 29 CFR part 13, and this clause by posting a notice provided by the Department of Labor in a prominent and accessible place at the worksite so it may be readily seen by employees. Contractors that customarily post notices to employees electronically may post the notice electronically, provided such electronic posting is displayed prominently

on any Web site that is maintained by the contractor, whether external or internal, and customarily used for notices to employees about terms and conditions of employment.

I. Disputes concerning labor standards

Disputes related to the application of Executive Order 13706 to this contract shall not be subject to the general disputes clause of the contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR part 13. Disputes within the meaning of this contract clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

37. EXECUTIVE ORDER 13658 AND 13706 HOLD HARMLESS AND INDEMNIFICATION

If a duly authorized representative of the United States discovers or determines, whether before or subsequent to executing this contract, that an erroneous determination regarding the applicability of Executive Orders 13658 and 13706 was made, contractor, to the extent permitted by law, agrees to indemnify and hold harmless the united states, its officers, agents, and employees, for and from any and all liabilities, losses, claims, expenses, suits, fines, penalties, judgments, demands or actions, costs, fees, and damages directly or indirectly arising out of , caused by, related to, resulting from or in any way predicated upon, in whole or in part, the erroneous Executive Orders 13658 and 13706 determination. This includes contractor releasing any claim or entitlement it would otherwise have to an equitable adjustment to the contract and indemnifying and holding harmless the United States from the claims of subcontractors and contractor employees.

38. DISCLAIMER

MEMORANDUM FOR RE-M

SUBJECT: Hazardous, Toxic, and Radiological Waste (HTRW) assessment for Contract Number DACW251-22-4009, Park and Recreation Lease Renewal, Polk City Iowa.

- 1. EC-DN was tasked with a review for HTRW concerns regarding the subject lease renewal. Per ER 200-2-3, Chapter 14, a Phase I Environmental Site Assessment is required on lease renewals, unless a previous assessment has been done and the District Environmental Compliance Coordinator has determined that conditions have not changed. In January 2022, EC-DN conducted a review of CEMVR, Iowa DNR, US EPA, USDA and US Geological Survey databases and records in accordance with ASTM Practice ER 1528-14. An interview with the lessee was conducted on January 24, 2022 by the District ECC. These inquiry activities revealed no evidence of Recognized Environmental Conditions (REC), hazardous substances, HTRW, or other regulated contaminants in connection within the proposed lease areas.
- 2. A Preliminary Assessment Screening (PAS) was conducted as part of the previous lease agreement in 1996 (DACW25-1-96-4028). The PAS met the requirements of lease renewals at that time. No HTRW concerns were identified in the PAS.
- 3. Based on the databases and records review, lessee interview and previous PAS findings, it is the opinion of the ECC and ECDN that no further HTRW assessment is needed for the subject parcels.
- 4. It is the recommendation of the ECC and EC-DN that no HTRW issues are present and no potential HTRW issues are foreseen regarding the lease renewal, and the conditions of ER-200-2-3 are met.

Re: Memorandum Of Understanding

Dear Ms. Huisman,

Metro Fibernet, LLC, and its affiliates (collectively "MetroNet") construct and operate fiber networks for purposes of providing leading edge broadband services. MetroNet has successfully deployed fiber networks in 125 communities in 11 states. MetroNet wishes to deploy a fiber network throughout Polk City, Iowa ("City") to provide broadband services to residents and businesses ("Project"). The purpose of this letter is to memorialize our mutual understanding regarding the Project as set forth below.

- 1. <u>Fiber Network</u>. MetroNet plans to construct a fiber network in the City capable of providing or supporting a variety of fiber based broadband services.
- 2. Residential Broadband Services. MetroNet currently offers residential broadband speeds as high as 1/1 Gbps with plans to expand to 10/10 Gbps based on consumer demand. With virtually no latency, MetroNet's broadband services provide an ideal platform for third party video streaming services like YouTube TV. MetroNet will also offer residential phone service with traditional features.
- 3. <u>Commercial Broadband Services</u>. MetroNet offers a full suite of commercial services for businesses of all sizes. Commercial services include everything from a standard 1/1 Gbps connection to local areas networks and dedicated dark fiber services. MetroNet also offers a flexible hosted PBX voice service that can be customized to the needs of any business.
- 4. <u>Project</u>. In addition to the matters specifically addressed below, MetroNet will comply with all applicable City municipal codes and regulations, including but not limited to, all insurance, indemnification, bonding, restoration and traffic control requirements, that relate to all construction and installation activities performed by utilities.

- 5. <u>Construction Permits</u>. Upon a submittal of a request for a permit to install aerial and underground facilities in City controlled right-of-way ("<u>Construction Permit</u>"), provided such submittal contains all the information reasonably requested by the City, the City will endeavor to issue a Construction Permit in a 30–60-day timeframe. Each Construction Permit will cover a large geographic area of the City.
- 6. <u>Construction Permit Fees</u>. The fee for each Construction Permit will be calculated based on a \$40,00 standard rate for each 1,000 feet of cable length in the permit application. As an example, if MetroNet submits a permit application with 3,000 feet of cable length, the applicable fee for such Construction Permit would be \$120.00. The maximum permit fee for all Construction Permits required by MetroNet for the Project is estimated to be \$4,423.00.
- 7. <u>Utility Poles</u>. Subject to the requirements set forth in <u>Exhibit A</u>, MetroNet will have the ability to place utility poles in the City controlled right-of-way on a limited basis.
- 8. <u>Micro Trenching</u>. MetroNet will not utilize micro-trenching for purposes of installing its facilities in the City right-of-way without first obtaining the City's express written permission.
- 9. <u>Solicitation</u>. MetroNet will be allowed to conduct door-to-door consultative sales in the City. All such sales shall be conducted in accordance with applicable laws and the City's municipal code.
- 10. State Franchise. On April 4, 2021, MetroNet's application to be registered a telecommunications service provider was granted by the lowa Utilities Board. Such registration is still in full force and effect. On November 1, 2018, MetroNet obtained a Certificate of Franchise Authority from the lowa Utilities Board to provide video services in the State of lowa. Such certificate is still in full force and effect.

Respectfully,

MetroNet

Senior Vice President

Acknowledgement

Agreed, the above accurately represents our understanding and the parties' intent.

EXHBIIT A

MetroNet shall satisfy the following requirements as a condition of placing a utility pole in the City controlled right-of-way:

- (1) MetroNet will not seek to install a utility pole in any areas of the City where the utilities are located underground;
- (2) MetroNet must be unable to use an existing utility pole in the general area where it wishes to place a utility pole due to high make ready costs or excessive delays gaining access to the existing utility poles;
- (3) any requested utility pole will be added to an existing utility pole line; the additional pole shall match the material, style and general height of the existing line poles;
- (4) any requested utility pole will be located on the same side of the road as an existing utility pole line;
- (5) MetroNet will make reasonable accommodations requested by the City to improve the aesthetics of a requested utility pole in the area where it is to be located;
- (6) the location of a requested utility pole will not adversely affect the health, safety or welfare of any person;
- (7) MetroNet will make the requested utility pole available to any other communications provider on just and reasonable terms subject to loading requirements and space availability;
- (8) if a utility company installs a new utility pole that will accommodate MetroNet's fiber facilities in any area where MetroNet has installed a utility pole, provided MetroNet has access to the new utility pole under reasonable terms and conditions, within a reasonable time period after being notified by the City, MetroNet will move its fiber facilities to the new utility pole and will remove the MetroNet utility pole from the right-of-way;
- (9) If either party has concerns with the proposed location of a MetroNet utility pole, the parties agree to enter into good faith discussions on identifying a different location for the utility pole.

PLAT OF SURVEY

Date: June 14, 2022 Prepared by: Travis Thornburgh, P.E.

Kathleen Connor, Senior Planner

Project: 422 & 428 N. 3rd Street Project No.: 122.0580

GENERAL INFORMATION:

Owner: Scott & Carol Easter (2022-71)

Zach Easter & Erin Baack (2022-72)

Location: 422 & 428 N 3rd Street

Zoning: M-1 Light Industrial

Use: SF Residential (non-conforming)

Area: 35,512 sf (2022-71)

25,317 sf (2022-72)

PROJECT DESCRIPTION:

The subject properties are located on N. 3rd Street, immediately north of Polk City's water plant. The north home was constructed in 1952 and the south home was constructed in 1991, both homes have belonged to members of the Easter family for many years. These two parcels were both zoned M industrial sometime prior to 2003, though we have found no information regarding the reason for this zoning.

In 2021, the David Easter estate sold the north residence to Zach Easter and Erin Baack. This made existing issues related to the driveway and large garage between the homes more apparent. With the redefined boundary line, this driveway and garage will now be located on Parcel 2022-71, owner's of the south residence. Parcel 2022-71 will use the existing access location on the north side of their parcel. Parcel 2022-1112 will be an unbuildable parcel for the floodplain which will be permanently tied to Parcel 2022-72.

N. 3rd Street is a municipal arterial street, requiring 100' of right-of-way per the Subdivision Regulations. The Acquisition Plat will provide the additional required 17' of right-of-way in front of both parcels. The driveway on Parcel 2022-72 will be paved in conjunction with the Building Permit for a new garage. The required public sidewalks along N. 3rd Street will be deferred by Agreement.

At this time, the two existing homes are non-conforming in the M-1 zoning district. The proposed Plat of Survey and accompanying documents will bring both parcels closer to compliance by cleaning up ownership lines.

REVIEW COMMENTS:

Submittal #3 addresses all review comments as required prior to P&Z's consideration of this Plat of Survey. Prior to this item being presented to Council for approval, the following comments will need to be addressed:

- 1. The additional right-of-way will be deeded to the City at the time the Plat of Survey is approved. Prior to this item being placed on the Council agenda, the property owners will need to sign applicable documents that will be prepared by the City Attorney for this right-of-way dedication.
- 2. The City has agreed the required 5' wide public sidewalk in front of all parcels may be deferred until such time as the city deems them necessary. Prior to this item being placed on the Council agenda, the property owners will need to sign the applicable documents that will have been prepared by the City Attorney for this sidewalk deferral.
- 3. Since Parcel 2022-1112 is not a stand-alone buildable parcel, a Record of Lot Tie Agreement is required to tie it to Parcel 2022-72. Prior to this item being placed on the Council agenda, the property owner will need to sign the Record of Lot Tie Agreement that will have been prepared by the City Attorney.

RECOMMENDATION:

Based on the foregoing, staff recommends P&Z approval of the Plat of Survey for Parcels 2022-71, 2022-72 and 2022-1112, including Acquisition Plat and Record of Lot Tie Agreement, subject to the following:

- 1. Dedication of Right-of-Way for N. 3rd Street as shown on the Acquisition Plat at the time of Council approval on the Plat of Survey.
- 2. Provision of a signed Record of Lot Tie Agreement that permanently ties Parcel 2022-1112 to Parcel 2-22-72 prior to Council action on the Plat of Survey.
- 3. Provision of signed Sidewalk Agreements that defer construction of the 5' wide public sidewalk in front of both Parcel 2022-71 and Parcel 2022-72 prior to Council action on the Plat of Survey.

RESOLUTION NO. 2022-82

A RESOLUTION APPROVING A PLAT OF SURVEY FOR PARCEL NO. 2022-71, 2022-72, AND 2022-1112

WHEREAS, Cooper Crawford & Associates, on behalf of the property owners has submitted a Plat of Survey, to be known as Parcel No. 2022-71, 2022-72, and 2022-1112 located at 422 & 428 N 3rd Street, in Polk County, Iowa to the City of Polk City for their approval; and

WHEREAS, the intent of this Survey is a land swap between the owners of 422 & 428 N 3rd Street to redefine boundary lines so the driveway and garage will be located on Parcel 2022-71; and

WHEREAS, Parcel No. 2022-1112 will be an unbuildable parcel for the floodplain and will therefore be permanently tied to Parcel 2022-72 via the Record of Tie Agreement which was prepared by the City Attorney and signed by the property owners; and

WHEREAS, the Acquisition Plat provides for the additional required 17' feet of right-of-way in front of both parcels to meet the requirements of 100' feet of right-of-way along the N. 3rd Street for municipal arterial streets per the Subdivision Regulations; and

WHEREAS, the property owners have signed the Quit Claim deed prepared by the City Attorney transferring title of said right-of-way to the City of Polk City, and

WHEREAS, the property owners have signed an Agreement to Install Sidewalk with the City deferring paving of the required 5' feet wide public sidewalk in front of all parcels until such time as the city deems necessary; and

WHEREAS, the City Attorney and City Engineer has reviewed the Plat of Survey, Acquisition Plat and all legal documents and recommend approval of same.

NOW, THEREFORE, BE IT RESOLVED, the City Council of the City of Polk City, Iowa, hereby approves the Plat of Survey, Acquisition Plat with Quit Claim deed, Record of Lot Tie Agreement, and Sidewalk Agreements for Parcels No. 2022-71, 2022-72, and 2022-1112.
